DISCLAIMER

Information collated in the IFC-IOR's reports have been derived from various internal and external linkages such as partner nations, other maritime stakeholders, agencies and open sources. The report aims to undertake analysis of incidents by establishing trends and anomalies to ensure safety and security of mariners and seafarers. While due care and effort has been taken to ensure veracity of data, due diligence may be exercised for subsequent usage of information contained therein. The positions of incidents depicted in some cases may be approximate or indicative. IFC-IOR requests and seeks assistance of all stakeholders to report incidents in the region to undertake accurate predictive and prescriptive analysis so as to build a comprehensive picture of existing threats in the maritime domain. The information contained in the report and the analysis thereon, is not reflective of the views of the Government of India or Indian Navy in any manner.

IFC-IOR Comment. *The recent attacks in the Red Sea marks recommencement of targeting of commercial shipping since Nov 24, with vessels linked to Israel remaining the primary focus. Analysis of these incidents reveals that the non-state actors are not only targeting ships with direct Israeli connections, but also vessels under the same ownership or management that have previously called at Israeli ports. All vessels and shipping companies are strongly advised to conduct a comprehensive risk assessment to identify any potential associations that could pose a risk during transit through the Red Sea/ Bab el-Mandeb Strait. IFC-IOR recommends all vessel masters to strictly adhere to enhanced security protocols and maintain heightened vigilance when transiting through this region. In case of any assistance the vessel may contact IFC-IOR via email ifc-ior.gurugram@nic.in.*
